**My background:** Before I quit to become an entrepreneur from January 2002, I worked as manager for 7 years in Guinness Nigeria. **My resume gives full details:**

I make a point of referring to my time in Guinness, because my achievements there prove I've always been one to conceive and implement unique solutions for use by others. As an entrepreneur, I'm doing the same thing using **Excel-Visual Basic & Web Marketing Systems.**

I do NOT do ANY paid advertising. Instead, I use my Web Marketing System (WMS) to attract buyers for my Excel-VB software/book products & services. Over 80% find me via search engines. I aim to help other business owners achieve their marketing goals at LESS cost, with LESS effort, using their custom WMS (See <http://tinyurl.com/wms-overview>)
